– Edition #1 – 6/17/2017

Introduction:

Hello there fellow bunny lovers & bunnyshibes, welcome to the first edition of "The Bunnycast", our brand new Bunnycoin community newsletter.

We decided to launch this newsletter with the purpose of helping keep our fastly growing community informed about all the latest coin developments taking place. A couple of these will be announced within today's newsletter edition.

First off... I am happy to announce that, we currently have plans to start publishing new newsletter editions, on a frequent basis. Likely between 1 to 4 times a month, depending upon how much new information we have to share at the given dates. Also we would like to be able to produce a monthly newsletter videocast version as well.

For further updates and information regarding future newsletter publication dates be sure to follow us on twitter: <https://twitter.com/Bunnycoin> .

Topics of these newsletters will be focused on charity coin giveaways, coin developments / publicity, merchant acceptance and included tutorials.

The Bunnycoin Community will be sponsoring 10 Children from the Marsh Children's Home / Orphanage located in Acapulco, Mexico for at least the duration of 1 year.

This will be an ongoing initiative and there will be back and forth communication / updates between us and the local community organization on a regular basis.

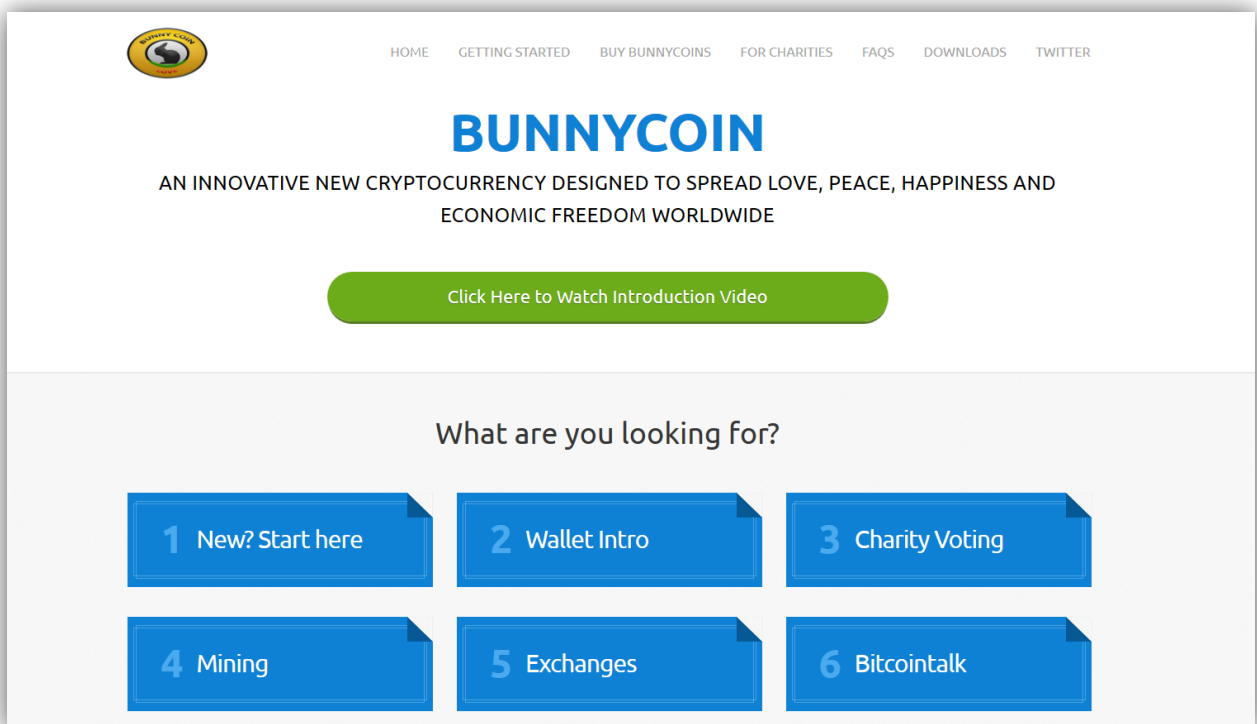

Topic #2: Fiat to Bunnycoin Update (USD, EURO, GBP, CAD)

By the end of June, we will be launching a webpage in which individuals can buy “Bunnycoin” directly using their local country specific currency (including; USD, EURO, GBP and CAD), without having to first buy crypto and place an order via an exchange site.

This will help lower the barrier to entry for individuals who are new to the cryptocurrency space and want to get involved with Bunnycoin.
